

# Mentor Walk

A program of the Campus Community Partnership Foundation

*"The path to success starts with me."*

Join college students and other school kids across the Atlanta metro area for a fun walk on a college campus! Talk with college students who are excited to spend time with you and answer your questions about college. You will learn how to be successful at school and at work from successful business leaders.

The day starts with breakfast and group exercises followed by a short, energetic, and interactive walk. Students will attend sessions on the college process, finding a job, starting your own business, financial literacy, career modules, reading and more. We'll have lunch and fun activities for you to participate in!

For parents, educators, and other adults, there will be a panel discussion on education followed by Q/A. Panelists consist of experts in the field of education, business, government, and the community.

Sign up in advance to get breakfast, lunch, snacks and a backpack with great information about college, other goodies, and a super cool t-shirt.
